Biography

Mr. Barry Franks

European Patent Attorney, Swedish Patent Attorney, European Patent Litigator and partner at Hynell Patenttjänst AB.

Barry Franks started working in IP in 1983 following his graduation from the University of Bath in the UK with a degree in Mechanical Engineering with French. Barry has pursued an exceptionally broad career – both geographically and operatively, starting with ten years as an examiner at the EPO in The Hague. He moved to Sweden and spent two years as an entrepreneur before returning to the world of IP as a patent attorney in Stockholm and Uppsala. After five years' experience of drafting, prosecuting and using IP for small, medium and large companies in fields as diverse as diapers (what he calls the “biohazard industry”) and fuel rod extractors for nuclear power plants (a different type of potential hazard), he was headhunted by a global healthcare company Amersham Pharmacia Biotech which subsequently became part of GE Healthcare. He spent almost seven interesting and educative years there as in-house counsel, first in Sweden and subsequently in the UK, responsible for its European hardware IP portfolio. The commercial outlook and pragmatic decision-making skills acquired in industry have been put to first-rate use since he returned to Sweden and re-entered private practice. In addition to advising his clients on freedom-to-operate, due diligence, IP strategy and IP management, he started to specialize in oral proceedings before the EPO. He is recognized by his peers for his enthusiasm for (and skill in winning) difficult oral proceedings. As well as a good working knowledge of French, Dutch and German, he is fluent in Swedish - which is much appreciated by his local clients when it comes to advising them on the finer points of IP law or discussing strategies.

Barry lectured for many years for the Swedish Patent Office and the Swedish IP Academy and in recent years has been invited to lecture on oppositions and oral proceedings in China, India, Mexico and, of course, Hong Kong, where his practical advice mixed with relevant anecdotes has been warmly received. He has also contributed chapters to a number of well-known IP reference books.

Barry regularly appears in the Intellectual Asset Management magazine “Patent 1000” as a peer-nominated “highly recommended individual” for patent prosecution and is also honoured as a peer-nominated “IP Star” by Managing Intellectual Property magazine.
